

# Packsolo™ single ply paper packaging system

Easypack<sup>®</sup> by Pregis

Easypack<sup>®</sup> by Pregis paper packaging solutions can help you protect against damage, deliver an eco-friendly, cost effective package to your customers while increasing the productivity of your packaging operation.

- Best in class safety features – Full safety lockouts and improved ergonomics minimize operator injury
- Reliable 'bullet proof' equipment virtually never jams for more uptime
- Simple to use, just load & go in 30 seconds or less to maximize productivity
- Sustainable - 100% recycled, recyclable and biodegradable paper

## Packsolo paper system

The Packsolo machine is the ultimate single ply paper cushioning system. It produces lightweight cushions that are outstanding at providing total product protection, preventing damage during transportation.

- Single ply paper
- Ultra-strong cushions for blocking and bracing or forming coils to support heavier items
- Converts paper up to 80 times its original volume
- Automatic, semi-automatic or foot pedal operation
- Horizontal or custom configuration

<b>Machine dimensions (max)</b> 51" (L) x 33" (W) x 54.5-62.5" (H)	<b>Voltage</b> 120V 60Hz
<b>Machine weight</b> (standard with frame) 324 lbs (approx.)	<b>Current draw</b> 8 Amps

### Single ply padded paper options:

- 30#, 45#, 55# paper weights
- Available in the standard 100% recycled Kraft, white or custom options
