

Packmaster™ Pro

On Demand Paper System

Easypack®

Easypack® by Pregis paper packaging solutions can help you protect against damage, deliver an eco-friendly, cost effective package to your customers while increasing the productivity of your packaging operation.

- Best in class safety features – Full safety lockouts and improved ergonomics minimize operator injury
- Reliable 'bullet proof' equipment virtually never jams for more uptime
- Simple to use, just load & go in 30 seconds or less to maximize productivity
- Sustainable - 100% recycled, recyclable and biodegradable paper

Packmaster™ Pro

The Packmaster Pro is ideal for shipping heavy or valuable items in medium to large boxes. It produces lightweight, extremely strong paper cushions that keep almost any product – from glassware to heavy industrial products – secure and fully protected during transit.

- Single or multi ply paper
- Now producing 35% more packs per minute with an 11% increase in volume
- Program 3 pre-set lengths and quantities
- Automatic, semi-automatic or foot pedal operation
- Horizontal, vertical or custom configuration. Adjustable height/tilt

Paper options:

- Single Ply Roll Options: 30#, 45#, 50# and 55#
- Multi Ply Roll Options: 30/30#, 45/45#, 45/55# and 50/50#
- Available in the standard 100% recycled Kraft, white or custom options

Now with Maxwell™ Intelligent Interface!

- Unlimited barcoding controls product protection and packaging usage rates
- Add training pictures and videos to ensure packaging remains consistent from packer to packer
