

Graphic Innovators

A Division of Pregis

Your Packaging and Converting
Equipment Experts

We are Graphic Innovators, a division of Pregis LLC

With decades of experience in printing and packaging machinery sales, we offer a vast selection of industrial machinery, parts and value-added services.

We are known for extensive machinery refurbishment, engineering excellence in complex rebuilds and plant relocations, and equipment appraisals, upgrades and installations.

Our passion, reliability and expertise have made us a trusted partner on a global scale, and we look forward to serving you.

Printing & Machinery Sales

We understand that optimizing return on investment can be challenging. For that reason, we take the time to understand our customers' needs and offer multiple solutions. In addition to rare parts sales, we offer three distinct avenues to acquire presses and refurbished equipment for maximum flexibility:

- Exclusive marketing agreements
- Brokered sales
- Direct purchases

Contact a Graphic Innovators Specialist for a business assessment and allow us to design a custom solution for you.

Exclusive Marketing

Brokered Sales

Direct Purchases

Value-Added Services

What makes us different? Graphic Innovators is a one-stop shop not only for machinery and parts, but for specialized mechanical, electrical and consultative services all provided in-house. Our commitment to quality and to getting the job done right means we will not settle for anything less than total customer satisfaction.

Complete Plant Liquidations & Consolidations

- We understand the strategic analysis, financial implications and tight timelines that accompany plant mergers and liquidations. We act as a strategic partner to assess inactive assets and turn them into new revenue streams.

Equipment & Plant Relocations

- Agility is key to maintain profitability and competitive edge. We thoroughly inspect all equipment and guarantee damage-free transport from single machines to entire plants.

Equipment Rebuilds & Restorations

- Our cost-effective remanufacture of your existing equipment helps mitigate challenges posed by obsolescence, worn equipment and accidental damage.

Drive & Controls Upgrades

- From reliability to safety standards, we provide the enhancements required to remain operational and boost productivity.

PLC Retrofits & Upgrades

- Upgrade your PLC control system with new intelligent interfaces that enable remote monitoring, real-time operator updates, and active fault and maintenance logs.

Valuations & Appraisals

- A deep understanding of the company, market conditions, and the asset are paramount when assessing value. In this critical scenario, we take a holistic, unyielding and data-driven approach to your valuation.

Equipment Rigging & Installations

- With our extensive fleet and skilled team of in-house professionals, we provide local, national and international rigging and transportation for small format machines to complete turnkey projects.

Global Reach, Local Impact

Our dedicated and experienced team sets us apart from the competition, yet we know we can't do it alone.

Our global network of industry partners, manufacturer alliances, complimentary suppliers and successful installations gives us an international grid of resources and knowledge which we leverage for our clients' benefit.

Products worth protecting deserve Pregis

We are a leading manufacturer of **innovative packaging solutions and equipment.**

We solve our customer's toughest business challenges with protective packaging and services, so they can create customers for life. We do this by delivering **creative solutions to business challenges** and leveraging a material neutral portfolio.
