

Pregis EverTec™ mailer

a 100% recyclable paper mailer

The ONLY mailer that brings lightweight, strong, flexible padded functionality and curbside recyclability to the marketplace. An option to replace small boxes or manual wrapping of items shipped in less protective mailers, this eco mailer helps you ship more items using less space, protects against damage and can increase packing speeds. Now that's the power of paper in action.

Pregis brings the power of paper to your supply chain.

- High seam strength – strong bottom and side heat seals bring added strength
- Strong flap (2 ply) – self-seal adhesive closure is tamper-evident, yet accessible
- Pull-tab tear strip – easy opening and rewarding “unboxing” effect
- Top strength-to-weight ratio – highly puncture resistant
- High-impact resistance – lightweight cushioning interior protects during transit
- Flexible design – increased durability with added “give” ships anything from books to pharmaceuticals to cosmetics
- Lightweight – reduces most small corrugated boxes
- 100% curbside recyclable – eliminates waste and eco-friendly boostcases reduce outbound shipping costs, increases warehouse efficiency

Deliver the right packaging protection

Lightweight

100% curbside recyclable

POWER IN NUMBERS

100%
curbside recyclability

Sizes to fit your needs

Five sizes | Cushioned protection | Self-seal closure

Mailer dimensions

Size	Dimensions (width x depth)			Typical weight (grams)
	Exterior: Flap open	Exterior: Flap closed	Interior	
#0	7" x 11.125"	7" x 9"	6" x 8"	15
